

POWER LIFT®

POWERFUL IDEAS FOR POWERFUL RESULTS

ADJUSTABLE CABLE COLUMN

The Adjustable Cable Column is a space saving machine and is available as a free standing or a wall/rack mounted unit. In addition multiple machines can be bolted together to form modular pulley units. Ideal for pulley exercise that require adjustable heights.

KEY FEATURES:

- 3/16" jacketed to 1/4" Military Grade cables are used on all equipment
- 16 adjustment positions in 5" increments
- Cable guide swivels 180 degrees on 2 bronze bearings
- 1" Solid chrome guide rods
- 7/16" diameter weight selector pin lock in place and is connected to weight stack to prevent loss
- Rubber bumpers under each weight stack to reduce vibration
- 4 1/2" pulleys
- Fully machines steel weight stack with powder coat finish
- 200 lb. weight stacks with 10 lb. increments and 5 lb. rubber split weight
- Top weight plate with Free Floating Bushings for smooth operations
- Steel weight stack guards
- All components are mig .025 welded in jig fixtures ensuring consistent fabrication
- All tubes have welded end caps
- Frames finished with high quality powder coat paint system
- 1-Nylon strap handle
- All design work aided with 3D Solid Modeling computer technology
- Frame: 2" x 2" 11 gauge steel, 1 1/2" x 1 1/2" 11 gauge steel and various flat steel sizes

Overall Dimensions:

37" (L) x 21" (W) x 94" (H)
500 lbs. (Approximate Weight)

Warranty:

Lifetime conditional warranty on frame components. Five years on rotary bearings, guide rods, pulleys and weight plates. One year on belts, cables and grips. Ninety days on upholstery and items not specified.

Part Number:

63556B
